**Our Mission**  
Nansha College Preparatory Academy is a learning community that empowers students to achieve academic and social excellence. NCPA is an English-language immersion school that prepares students for success in higher learning.

**English Language Immersion**  
Our English immersion program and emphasis on academic language acquisition distinguishes us from other international schools serving Chinese nationals.

**Response to COVID-19:**  
NCPA moved to online learning from February to May of 2020. Teachers provided live and video lessons. Classes this school year continue to be a mix of online and in person teaching due to the Chinese government travel ban. All academic standards have remained the same during the COVID-19 pandemic.

## ABOUT NCPA

Nansha College Preparatory Academy (NCPA) is a private, co-educational, American curriculum boarding school operated in partnership with ULink Education Group and the non-profit, Princeton-based International Schools Services (ISS). We occupy a modern, purpose-built 31-acre campus. We are an English-medium School serving Chinese national students.

All NCPA faculty are native-level English speakers, with the exception of the Chinese language teachers. All of the content-area faculty hold North American diplomas and licensure. 69% of our faculty holds advanced degrees, including 2 with doctorates.

## ACCREDITATION

The Western Association of Schools and Colleges (WASC) has granted NCPA full accreditation status.

## ACADEMIC PROGRAM AND CURRICULUM

English is the instructional language for all classes, except Chinese Literature. Teachers across the disciplines use research-based approaches and embedded language learning strategies to enable students to access grade-level content while helping them develop academic English proficiency. The curriculum is aligned to U.S. standards including the Common Core State Standards.

## HOLISTIC EDUCATION

NCPA students are involved in activities that cultivate lifelong habits in physical health, personal and interpersonal skills, and connectedness to faculty and peers.

- Our holistic curriculum includes 30 elective courses offered across all departments.
- Our grade 7-10 students meet every other day in small groups with their faculty advisors. Juniors and seniors are scheduled into semester-long seminar classes with their counselors.
- Our ASA program boasts over 200 activities including Model UN, Yearbook, Student Government, FBLA, National Honor Society and Tri-M Honor Society; and 24 competitive team sports and intramurals.

## RIGOROUS ACADEMICS

NCPA students must complete 8 credits annually. All students must pass a minimum of 4 AP® courses, one in each core content area. AP® courses are open to all students and most take 7 AP® courses over four years. NCPA is an AP® Capstone school.

## ASSESSMENT

NCPA is a standards-based reporting school where teachers assess knowledge and skills through a set of benchmarks across the academic year. Official report card marks are given at the end of the year. At the end of Semester 1, teachers in year-long courses report only a student's progress to date in relation to that year's set of standards and benchmarks.

**Students' yearly levels of achievement are reported on the following scale:**

- **Exemplary (E)** – The student demonstrates evidence of thorough understanding of the required knowledge and skills and the ability to apply them consistently in a wide variety of situations.
- **Proficient (P)** – The student demonstrates consistent evidence of understanding and/or application of the required knowledge and skills.
- **Approaching (A)** – The student demonstrates partial or inconsistent evidence of understanding and/or application of the required knowledge and skills.
- **Not Yet (N)** – The student demonstrates minimal understanding and/or application of the required knowledge and skills.
